Division Description

There are three budgeted programs in this division of the Office of the Secretary of State: Administration, Uniform Commercial Code, and the Commission on Uniform Laws.

- (1) The Administration Program performs the constitutional and statutory functions of the Office of the Secretary of State including registering the official acts of the Legislature and the Governor, administering and certifying elections, maintaining a registry of tort claims, extraditions, deeds, official oaths, and gubernatorial appointments, and administering the Sunshine Law. The Secretary of State also is a member of the State Board of Land Commissioners and the Board of Examiners.
- (2) The Uniform Commercial Code program maintains and operatates the Centralized Uniform Commercial Code as it relates to state, commercial, and farm product filings. The Farm Products Central Filing System is designed to protect buyers and financiers of farm products by requiring that all farm products used to secure loans be recorded with the state. Buyers and financiers can use the system to determine if a farm product is free of any encumbrances before purchasing or lending money. This program also handles articles of incorporation, notices of liens, trademarks, assumed business names, and notary services.
- (3) The Commission on Uniform Laws is composed of four members, appointed by the Governor. The commission studies proposed uniform laws and drafts legislation for consideration by the Idaho Legislature where uniformity among state laws is desirable.
